

631UTP 1/3" Color camera with built in UTP transmitter

Features

- 1/3" Sony Super HAD CCD
- 0.3 LUX low light sensitivity
- 380 TV Lines resolution
- Back light compensation
- Flickerless Control
- Unshielded Twisted Pair or Coax
- 12vDC or 24vA power

Description

The 631UTP is a high quality 1/3" color CCTV camera designed for use indoors or outdoors (requires housing) where video is required at normal daylight or artificial light illumination. The 631UTP camera features a flickerless control that captures the wide and intense range of color of some light sources and adjusts the color, gain, electronic shutter control and white tracking balance to produce a good quality color picture. With built-in UTP and BNC video outputs, the 631UTP camera can transmit video over 1,000 feet using UTP cable. Both outputs may be used simultaneously offering an option to run a video feed to a secondary monitor without losing signal strength or quality.

SPECIFICATIONS

Pick up Device	1/3" Sony™ Super HAD CCD
Picture Elements	510H x 492V
Horizontal Resolution	More than 380 TV Lines
Minimum Illumination	0.3 Lux @ F2.0
S/N Ratio	Better than 48db, AGC off
Auto Gain Control	High/Low Selectable
Auto Electronic Shutter	(1/60 - 1/1000000 sec) NTSC
White Balance	Auto Tracking White Balance
Flickerless	On/Off Selectable
Back Light Compensation	On/Off Selectable
Video Output	BNC x 1, UTP x1
Power Supply	12VDC or 24VAC @ 200mA
Auto Iris	Video or DC, selectable
Operating Temperature	-10°C to 50°C
Dimensions	92.5(L) x 67(W) x 58(H) mm
Weight	325g
