

**INFORCE SECURITY CORP.**

DIGITAL VIDEO RECORDING AND SURVEILLANCE  
BURGLAR, SMOKE AND INTRUSION DETECTION

## Honeywell Quick Reference

- 📺 **DISARM SYSTEM:** [CODE] + [OFF]
- 📺 **CANCEL ALARM:** [CODE] + [OFF] + [CODE] + [OFF]
- 📺 **ARMING ENTIRE SYSTEM:** [CODE] + [AWAY]
- 📺 **ARM PERIMETER ONLY:** [CODE] + [STAY]
- 📺 **DOOR CHIME TOGGLE:** [CODE] + [CHIME]
- 📺 **PANIC:** Hold [POLICE] or [FIRE] for 5 secs.
- 📺 **CHANGING CODES:**

**Master Code:** [MasterCode] + [8] + [0] + [2] + [NewCode] + [NewCodeAgain]  
*Master can change other peoples codes, default master is 1234 and must be changed.*

**User Code(s):** [MasterCode] + [8] + [04...32] + [NewCode]  
*Users can arm and disarm system but cannot change their codes, please keep track of your users from 04 to 32 on the provided chart. Optional attributes can be applied below...*

**Set user as cleaner:** [MasterCode] + [8] + [04...32] + [#] + [1] + [2]  
*If you arm the system with a cleaners code, then the cleaner can disarm using the same code, but if you arm using any other code, the cleaner cannot disarm it. When the cleaner is done working, they can re-arm the system using their code.*

**Set user as duress:** [MasterCode] + [8] + [04...32] + [#] + [1] + [3]  
*If you disarm the system using this code, the alarm will silently call police but will look like it was disarmed properly and no siren will sound. Use only if forced too.*

**Set user as arm only:** [MasterCode] + [8] + [04...32] + [#] + [1] + [1]  
*Give this code to a guest or casual employee who would be locking up late and needs only to arm the system, but can never use this code to disarm the system.*

**DELETE code:** [MasterCode] + [8] + [04...32] + [#] + [0]  
*Permanently removes user code and attributes from the system.*
